

The decision to publish the theses is up to the editorial board. The organizing committee of the conference reserves the right to reject theses from publication if its structure and content are not relevant to the scope of problems of the conference.

Theses that do not meet the requirements for textual design may be returned to the authors in order to be improved.

After receiving materials the organizing committee will inform authors by e-mail stated in the application form. Should there be a delay in response from the organizing committee for more than **three** days, you may send a request to the conference coordinators about receiving of your materials.

Within the framework of the conference authors may publish their articles in the “*Herald of Khmelnytsky National University. Economics*” (category “B”, the decision of the Attestation Board on December 28, 2019, No 1643). The journal is indexed by Index Copernicus, Google Scholar, RINTS (DOI 10.31891/2307-5740).

SUBSTANCIAL PARADIGM AND MODERN TRENDS IN BANK INNOVATION IN UKRAINE

The rapid development and spread of new information and communication technologies leads to radical changes in the information sphere at the global level. Such a change significantly affects both the financial market as a whole and its individual sectors, in which banking institutions treat members of local authorities as financial visitors...
